Core Areas

for a *Frontier Organization* in this era

Operational Efficiency & Security

Strengthen internal processes with secure, modern, and cost-effective tools that support compliance and resilience despite any infrastructure constraints to reduce operational risks.

Better Stakeholder Collaboration

Enhance how you interact with leadership, customers, citizens, vendors and staff through integrated digital platforms that support communication, transparency, and service delivery.

Data-Driven Decision Making

Enable real-time insights for faster and better decisions and policies by transforming your data into actionable insights that guide planning, budgeting, and performance management.

Microsoft

Accelerating AI transformation

Enrich staff experiences

A key player in the energy sector, TotalEnergies is turning to AI and autonomous agents alongside Microsoft.

TotalEnergies

Better decision making
